

Documenting USAID's Land Tenure Programming History

Project Title	Documenting USAID's Land Tenure Programming History
Project Summary	Seeking support for research on the history of land tenure programming at USAID as well as background research in preparation for Temporary Duty Assignments (TDY) that provide technical assistance to USAID Missions.
Country	United States
Agency	Agency for International Development
DoS Office	N/A
Post	N/A
Section	N/A
Number of Interns	1

Project Description

The intern will assist the Office of Land and Urban (LU), Bureau of Economic Growth, Education, and Environment, on a long-term research project that is examining the history of USAID's land tenure programming. This will include primarily summarizing relevant documents from USAID's Development Experience Clearinghouse (DEC) as well as recent high-profile research on the relationship between land tenure and priority issues for USAID (e.g. private sector engagement, urban-rural nexus, and innovative technology, among others). In addition, the intern will conduct background research on the tenure situation in individual countries. This research will assist specialists in LU with their preparation in providing technical assistance to USAID Missions while on Temporary Duty Assignments (TDY).

Duties include, but are not limited to the following:

Conducting research on land tenure issues in a variety of countries of interest to LU, with a particular focus on Sub-Saharan Africa;

Research and analysis of USAID project documents and key literature on land governance;

Summarizing research results via email, annotated bibliographies, memoranda or as otherwise required;

In close collaboration and supervision of LU specialists, developing a 10-page policy brief on the history of land tenure programming at USAID;

Other duties as required.

Desired Skills Interests
